

High Quality poly material assembling instructions

There are two ways of the covering the greenhouse with poly material film.

- Buy the set of “High Quality Poly material with rolled doors and window” (4 or 6 meters long) – our recommendation!!! It saves time and money!!!
- Buy rolled poly material film and cover the greenhouse.

If you purchased “High Quality Poly material set” (4 or 6 meters long) with rolled doors and windows, then assembling and disassembling should be done following the sequence shown on the pictures below.
